Media Release 19th November 2008

South Penrith Bus Forum

Bus Ways has recently proposed changes to bus services in the Region 1 area. This region broadly covers the Hawkesbury, Penrith and Blacktown areas. Spyns Inc. has responded to this by organizing a public forum. This forum will discuss the issues around bus services in our local Penrith area now and the future. This forum has been organized to give South penrith residents a chance to voice their issues and concerns and to be involved in the consultation process.

Following this forum, Spyns will write a submission to Bus Ways and the Ministry of Transport. We will also make this information available on our website- www.spyns.org.au .

The forum will have a panel of experts in the field and a chance for residents to direct questions to the panel. The panel will include- Paul Falzon, Western Sydney Community Forum, Karen Paluzzano MP member for Penrith, David Yee, Acting Design and Technical Advice Manager Penrith City Council, Leigh Martin from the Total Environment Centre and representatives from the Ministry of Transport and Westbus.

There has already been an enthusiastic response from community members, and we are looking forward to an evening of productive and robust discussions about the future of bus services in our area. If you are interested in attending, please RSVP by 24th Nov to avoid disappointment. To RSVP call the South Penrith Neighbourhood Centre on (02) 47 218 520.
